

# 2022 Annual Conference Transportation Options

*\*Disclaimer: Inclusion of a resource on this list does not imply an endorsement by Cure SMA and Cure SMA is not responsible for claims made by outside parties.*

This list of resources is meant to guide you in finding transportation services while at the 2022 Annual Cure SMA Conference. The information here is mostly specific to travel in and out of Los Angeles International Airport (LAX), John Wayne Airport (SNA), Long Beach Airport (LGB). To ensure up to date information, we recommend you call companies directly to make your arrangements. Please email [communitysupport@curesma.org](mailto:communitysupport@curesma.org) with feedback on the resources provided here and to provide suggestions for resources to be added to this list.

***Please note: Due to the high demand for wheelchair accessible shuttles and transportation to and from conference, if you or your child are using a manual chair and are able to transfer from the chair and stow it while in transit, consider utilizing a van or SUV service to allow for the shuttles and vehicle with lifts and ramps to be available for those who are unable to transfer.***
